

USAID

Call for Consultants Registration

Monitoring and Evaluation Management Services (MEMS) II is a USAID/Nigeria-funded project Implemented by The Mitchell Group, Inc and based in Abuja, FCT. MEMS II provides comprehensive monitoring and evaluation support services to USAID/Nigeria Mission, serving Mission staff and their partner organizations working in the following program areas Peace and Democratic Governance; Economic Growth and Environment; Health, Population and Nutrition; Education; and HIV/AIDS & TB.

MEMS II seeks for qualified Nigerians and firms that have experience working in the program areas mentioned to forward their detailed profiles which would be stored in the MEMS II consultants' database. The purpose is to give equal opportunity to consultants in Nigeria to participate in consultancy assignments that MEMS II is tasked to design, plan and implement from time-to-time.

How to Apply:

Interested individuals and firms should please send their profiles indicating areas of competence and interest as an attachment to this email address: jnwoji@nigeriamems.com
