

Consultancy to Review the Renewable Energy Masterplan

Reference Number: ECN/UNDP/7CP/2011B

1. Background and Rationale

In 2005, the UNDP supported the Energy Commission of Nigeria to produce the Renewable Energy MasterPlan (RUMP) for Nigeria. The REMP articulates Nigeria's vision and sets out a roadmap for increasing the contribution of renewable energy to the nation's energy supply mix by expanding access to energy through the use of renewable energy requires identifying specific actionable programmes, activities and projects with set target timelines with the current level of RE development in Nigeria. At this point in time, it is of utmost necessity to review the seven – year old REMP by updating the data, activities programmes and projects that will enhance the penetration of renewable energy in the country's energy supply mix under the active participation of the private sector.

2. Objectives

The Commission is therefore seeking for professionals institutes of the review of the 2005 Renewable Energy Master Plan to be able to achieve the following objectives

1. To update data and information in the REMP
2. To identify specific actionable RE programmes, activities, RE portfolios and projects with set targets
3. To make the REMP private sector-driven

3. Scope of Work

1. Overview of the first version of the REMP
2. Update all data and information
3. Identification of relevant actions and/or activities in their order of priorities
4. Produce 100 copies of print-out report
5. Presentation of the reviewed REMP to stakeholders in a half-Day workshop

Deliverables

1. Debriefing and validation discussions/reports with UNDP, bilateral organizations and other stakeholders
2. Both printed and electronic copies of the revised REMP document

5. Timeframe

1. Reputable firm/individuals with a minimum of five (5) years experience and work in the area of environment and energy issues in Nigeria
2. In case of firms, resume of personnel should be included in the proposal.

7. Submission of Proposals

Interested individuals/firm should submit in two (2) envelopes their proposals the first, a technical proposal showing the planned methodology and approach on how they intend on completing the assignment and the second the financial proposal for the assignment. Proposals should be submitted quoting the above reference number to the address below on or before 22nd June, 2011.
