

Nigerian Gas Company Limited

(A Subsidiary of Nigerian National Petroleum Corporation)

Invitation for Expression of Interest for Upgrade of Ewekoro Metering Station, Ewekoro, Ogun State

The Nigerian Gas Company Limited (NGC), a subsidiary of Nigerian National Petroleum Corporation (NNPC) intends to undertake urgent Upgrade of the Ewekoro Metering Station, Ewekoro, Ogun State.

In this regard, NGC hereby invites experienced, capable and reputable contractors to pre-qualify for the Engineering, Procurement and Construction (EPC) works. Contractors that are successful in the pre-qualification exercise may be invited to tender for the EPC.

1.0 Proposed Scope of Works

The scope of works for the upgrade of the Ewekoro Gas Metering Station Includes but not limited to the following:

- Engineering, detailed design and procurement of a 50mmscfd Pressure Reduction and Metering Station (PRMS) with the following components: Inlet section, Filtering section, Heating section, Pressure Reduction section, Metering section and Outlet section.
- Shipment of the entire package to Lagos Port, Nigeria.
- Custom's clearing, Port duties and handling charges.
- Warehousing of the PRMS, if necessary.
- Transportation of the PRMS to site.
- Site Preparation and civil works.
- Construction of a temporary bye-pass line
- Decommissioning of the existing system and transportation to NGC-LOD Warehouse for storage.
- Installation, Testing and Commissioning of the new metering station facilities including boiler and heat exchanger packages, BSD valves, regulators, gas chromatographs, flow computers/panels and ups etc
- Decommissioning of the temporary bye-pass
- Any other work required even if such is not stated in this scope of works.

- Site cleanup and Demobilization

2.0 Specified Requirements From Interested Companies

Those interested in the Pre-qualification process are required to submit comprehensive technical and financial information as follows:

2.1 Company Legal Status and Profile

Company's name, postal address, telephone/fax number and e-mail address of Head Office where correspondence is to be directed. It should incorporate Nigerian shareholding and evidence of company registration in Nigeria including Certificate of Incorporation, certified true copies of Memorandum and Articles of Association and CAC Form C07.

2.2 Registration Certificates

Evidence of Company incorporation, current registration with the Department of Petroleum Resources (DPR), and registration with NNPC or any of its subsidiaries.

2.3 Local Content

Has contractor formed a joint venture with Nigerian or foreign contracting firms? If so, give details and identify principal partner(s) and provide a copy of executed agreement.

2.4 Relevant Experience

Provide verifiable evidence of previous corporate experience and capabilities in carrying out similar works in the construction of gas pipeline and associated metering stations. Provide details of the works undertaken by contractor, which are considered relevant in demonstrating the ability and capability of the contractor to successfully undertake the project.

This information must include:

- Name of project(s).
- Brief description of project(s).
