

## Overview

### **NIGERIAN NATIONAL PETROLEUM CORPORATION GAS AND POWER INVESTMENT COMPANY LIMITED (NGPIC)**

**NNPC Towers, Herbert Macaulay Way, Central Business District,**

**P.M.B. 190, Garki, Abuja – Nigeria.**

### **INVITATION FOR PRE-QUALIFICATION/EXPRESSION OF INTEREST FOR THE ENVIRONMENTAL AND SOCIAL IMPACT ASSESSMENT (ESIA) OF THE PROPOSED 1350MW KANO INDEPENDENT POWER PLANT (KNIPP) PROJECT NGPIC**

#### **(1) INTRODUCTION**

The Nigerian National Petroleum Corporation Gas and Power Investment Company United (NGPIC) intends to carry out the Environmental and Social Impact Assessment (ESIA) of the Proposed 1350MW Kano Independent Power Plant Project at Tiga, along Rurum-Rano Road. Kano State.

In compliance with the Public Procurement Act 2007 and the Bureau of Public Procurement guidelines. NGPIC invites interested competent and reputable Contractors /Companies to submit prequalification documentation for the ESIA “Works” as described in section 2 below.

#### **(2) BRIEF DESCRIPTION OF THE PROJECT (SCOPE OF WORK)**

The “Works’ to be executed include but not limited to the following:

(2.1) Carry out comprehensive literature reviews to generate background information on the environmental characteristics of the study area and the Right of Way of the associated Power transmission line and Gas spur line routes

(2.2) Prepare Terms of Reference (ToR) document acceptable to the Federal Ministry of Environment /Directorate of Petroleum Resources (DPR).

(2.3) Review National and International Environmental regulations on power plant siting as well as the gas and power evacuation lines and substations’ construction

(2.4) Identify all communities within the protect area and other Stakeholders for effective consultation.

(2.5) Carry out two-season detailed environmental baseline data collection and laboratory analysis to fill information/data gaps (field studies to be supervised by NGPIC)

(2.6) Identify potential and associated impacts prediction, interpretation and evaluation of their significance using appropriate models.

(2.7) Develop effective mitigation, enhancement and control measures

(2.8) Develop a comprehensive Environmental Management Plan (EMP) which will include remediation, monitoring and decommissioning/abandonment plans.

(2.9) Prepare field report, draft ESIA report final draft and final ESIA reports that conform to the FMEnv's standards, regulations and guidelines

(2.10) Present project's Environmental Profile (with the aid of audio-visual) at the project's Panel Review Meeting

(2.11) Prepare workplace Health & Safety Management plan

(2.12) Prepare an Environmental Audit of each connecting substation

(2.13) Present project's Environmental Profile (with the aid of audio-visual) at the project's Panel Review Meeting

(2.14) Settle all fees for Project's Verification Exercise with Federal Ministry of Environment (FMEnv) and other required statutory fees for certification EXCEPT Project's Registration.

(2.15) Provide logistics for client's staff on site. The Consultant shall facilitate the payments of per diem (duty tour allowance) amounts to be paid in respect of client's staff

(2.16) In addition to the provision of per diem (which is to cover accommodation, meals and incidental expenses), the Consultant will cover the following logistics cost for each of the under listed:

- Movement on commercial airline flights from the relevant Client Staff's office location to work location as appropriate
- Land transport from home base to airport and airport to work location

(2.17) Develop and recommend mitigation/alternative measures for planned works, environmental monitoring plans during the project development and commission period.

(2.18) Develop preliminary reports acceptable to Federal Ministry of Environment and Directorate of Petroleum Resources (DPR) and obtain Interim Certificate of Clearance from the Regulatory agencies to enable construction works to proceed.

(2.19) Attend to all queries raised by the regulatory agencies

(2.20) Provide Twenty (20) copies of each set of the Draft Reports, Final Reports, and Five (5) e- copies of each report to NGPIC

(2.21) Liaise with the Regulatory agencies and ensure that the various reports are approved and certificate of Clearance is issued with minimum delay

(2.22) Attend all the various stages of hearing on the ESIA draft report, take note of all review issued/raised by the Review Panel and incorporate all review comments in the Final Report. The final Report, which must be acceptable to the Regulatory agencies, shall be Twenty (20) copies and five (5) e- copies

(2.23) Carry out all additional analyses required on account of repairing deficiencies from the Draft Final ESIA Report

(2.24) Carry out other related works

(2.25) Procure and Supply project vehicle (HILUX) with the provision of insurance. The vehicle shall revert to NNPC-GPIC at the end of the project.

**The summarized work plan is an highlighted below:**

(1) Reconnaissance survey

The ESIA Consultant shall make all payments to facilitate site reconnaissance survey including NNPC/GPIC staff travel allowances, who will be part of the exercise

(2) Payment of project Initial processing fee:

The ESIA Consultant shall make payment of project initial processing fee to the Federal Ministry of Environment on behalf of NGPIC

(3) Consultations (wet and dry season field studies)

All consultations and field samplings shall be undertaken by the ESIA consultants in liaison with staff of NGPIC and all financial expenses to be borne by the consultants

#### (4) Panel Review:

It shall be the responsibility of the ESIA consultant to organize and sponsor the project's ESIA panel Review with the Federal Ministry of Environment.

#### (5) Payment of ESIA certification

The ESIA consultants shall make the following payments to the Federal Ministry of Environment in respect of approval for ESIA certification of the projects as follows:
