

Regional Centre for Training

In Aerospace Surveys (Rectas)

Under the Auspices of the United Nations Economic Commission for Africa (UNECA)

Invitation for Tendering

The Regional Centre for Training in Aerospace Surveys (RECTAS) was established in 1972 under the auspices of the United Nations Economic Commission for Africa (UNECA) as an educational “one-stop” solution institution that train highly skilled manpower in the science and technology of geospatial information. The Centre is situated on the Obafemi Awolowo University campus, Ile-Ife, Nigeria. The Federal Government of Nigeria, as host country, is supporting some physical development activities in the Centre. The Centre therefore invites the public to forward their tender in respect of any of the following projects:

1. Completion of ongoing International Student Hostel (Block B)
2. Completion of ongoing International Auditorium
3. Completion of ongoing staff quarters
4. Construction of Lecture theatre
5. Construction of International Guest House
6. Provision and rehabilitation of infrastructural facilities:
 - (i) Roads network
 - (ii) Drainage system
 - (iii) Water pipe network

- (iv) Electricity & streetlights

- 7. Furnishing of lecture theatres.

- 8. Provision of digital facilities/software for:
 - (i) Geographic Information Systems (GIS) laboratory
 - (ii) Photogrammetry & Remote Sensing (PRS) laboratory
 - (iii) Cartography laboratory
 - (iv) Information Communication Technology (ICT) laboratory

- 9. Establishment of e-library and stocking of books & journals

- 10. Completion of ongoing Recreation Centre:
 - (i) Football pitch
 - (ii) Lawn tennis court
