

Warri Refining and Petrochemical Company Limited (WRPC)

A Subsidiary of Nigerian National Petroleum Corporation (NNPC)

Invitation to Bid for the Engineering, Procurement, Installation and Commissioning of a New Steam Boiler for WRPC

Introduction:

Warri Refining and Petrochemical Company Ltd (WRPC) has four oil-fired, water-tube boilers generating high-pressure steam for meeting various process requirements. Boilers 1 and 2 were designed to generate steam at 82kg/cm² and 110tons/hr with a maximum peak load of 120tons/hr for two hours in any 24-hour period while Boilers 3 and 4, which are package boilers and rated 80tons/hr and 120tons/hr respectively were designed to generate steam at 42kg/cm².

Boilers 3 and 4 were commissioned in 1982 and 1989 and decommissioned in 2003 and 1996 respectively due to multiple leaks and tube deformation and therefore not available for steam production while Boilers 1 and 2 have been significantly de-rated in capacity due to tube failures and ageing.

Due to modified operations of the refinery, 82kg/cm² steam is no longer required. The refinery wishes to install a new steam boiler, to be fired on dual fuel (fuel oil and/or gas) with a capacity of 110tons/hr and at a discharge pressure of 45Bar (g).

Purpose of the Project

The Nigerian National Petroleum Corporation (“NNPC”) wishes to install a new steam boiler, to be fired on dual fuel (fuel oil and/or gas) with a capacity of 110tons/hr and at a discharge pressure of 45Bar (g).

Scope of Work

The scope of work includes, but not limited to the engineering, design, procurement and delivery of equipment and materials including special tools, construction and installation, inspection, pressure testing, radiography, Operator training, pre-commissioning/commissioning, start-up and acceptance testing after mechanical completion and handover. The works shall entail mechanical, civil, electrical and instrumentation and control components, with the provision of 2 years spare parts for key equipment and units of the Boiler Plant.

Collection of Bid Documents

All companies wishing to express their interest to bid for this project shall collect the tender documents upon payment of a non-refundable bid fee of N500,000.00 (Five hundred thousand Naira only) with a Bank Draft in favour of WRPC.

Qualification Requirements for the Bidders

By this publication, WRPC hereby invite competent, reputable and experienced Engineering Contractors to bid for the required services. Interested companies should submit competitive Commercial bid with Technical bid documents detailing their Company's capabilities, relevant experience and financial status. Potential contractors (with relevant experience only) will have an advantage over others upon submission of the following documents:

- (1) Full details of company profile including Nigeria Shareholding, Certificates of Incorporation, certified true copies of Memorandum and Articles of Association and Corporate Affairs Commission (CAC) form C.07 in Nigeria, complete with authorised signatures attested by Board resolution by directors in case of limited liability company or an attested copy by the shareholders of the company in case of partnership firm by approved notary.
- (2) Evidence of Company's presence in Nigeria; a duly certified MoU with a registered Nigerian Company to be attached where Company is not physically present in Nigeria. The MoU shall be duly certified by a Notary Public or by a Court of Competent Jurisdiction.
- (3) In case of Joint venture, agreements, if any, should be legally/technically valid and certified true copy should be enclosed and separately sent by the Joint venture partner from offshore direct to the MD, WRPC confirming the interest and validity of Joint venture from country of Joint venture by registered post.
- (4) Company Tax Clearance Certificate for the last three (3) years (2012, 2013 and 2014) Yearly Turnover of N1.5 Billion for the last three years
- (5) Audited Account for the Past three years (2012, 2013 and 2014).

- (6) Copy of current Department of Petroleum Resources (DPR) registration certificate in relevant category to operate as a contractor in the oil industry.
- (7) Certificate of current registration with NIPLEX.
- (8) Bank reference (s) from reputable bank (s).
- (9) Evidence of compliance with the Industrial Training Fund (ITF) Amendment Act 2011 by inclusion of copy of Compliance Certificate from ITF.
- (10) Evidence of compliance with part IV, 16 (d) of the Public Procurement Act 2007 as it relates to PENSION (Certificate or exemption from PENCOM) and Section 1(2) Pension Reform Act 2004.
- (11) Value Added Tax (VAT) registration and evidence of past VAT remittance.
- (12) Organizational structure and available work force (with proposed chart for this specific project and verifiable CVs with relevant experience).

Note: Failure to meet items 1, 2, 4, and 5 are Fatal Flaws – will lead to automatic disqualification

(13) Company's CASHES and QA/QC policy including proposed plan for this specific project.

(14) Relevant and verifiable cognate experience with NNPC, or other on similar

works in the past five (5) years stating the:

- (i) Title of project (s)
- (ii) Brief description of project (s)
- (iii) Client(s)
- (iv) Scope of work performed

- (v) Date of award of contract(s)/contract value
- (vi) Contractual period for execution of project
- (vii) Actual period of execution/completion certificates
- (viii) Reasons for discrepancies between (vi) & (vii) above if any
- (ix) Nature of contract (fixed, lump sum, reimbursable, etc).
- (x) Name and address of a referee in Client Company for each project indicated (provide telephone numbers, fax and e-mail address for quick reference).
- (15) List and evidence of equipment and technical capability for this project.
- (16) Proposed delivery and payment terms for the work or project.

(17) Nigerian Content:

- Evidence of presence in Nigeria.
- Plan indicating utilization of Nigerian Materials, goods, Services and Manpower including COREN certified personnel.
- Established presence in Nigeria including investment(s) and plan for training / transfer of technology to Nigerians.

(18) Any additional information that would enhance the potentials of the company.

(19) Only proposal from relevant experienced Engineering and construction firms with financial capability and sound technical knowledge shall be considered for commercial evaluation.

Submission of Bids

Three hard copies, each with e-copy in CD or Flash drive in two separate envelopes sealed and marked "Confidential"; (a) Technical and Unpriced Commercial, (b) Price Commercial should reach the address given below, **not later than Tuesday 29th September, 2015 at 4:00pm.**

The Secretary,

**R &P Dexcom Tenders Board, Block D, First Floor, Room 45b, Nnpc Towers,
Central Business District, Abuja**

Important Information

You should provide WRPC with a letter of Authority to investigate all claims made especially as it relates to your previous relevant experiences.

Please note the following:

- (1) The commercial bids of any company that failed to satisfy technical bid conditions will not be opened for evaluation and therefore stands disqualified.
- (2) WRPC reserves absolute discretion and right to either accept or reject any documents and it shall not be required to assign a reason for refusal to open your bid or to enter any correspondence concerning the selection of any contractor for the services.
- (3) All cost incurred by you as a result of this bidding exercise and any subsequent request for information shall be at your expense.
- (4) The inspection of the job at WRPC site commences from the day of this publication on Tuesdays & Thursdays (between 10am to 3pm) within the first three weeks.
- (5) All the interested companies shall pay a non-refundable bid fee of N500, 000.00 (Five hundred thousand Naira only) to collect the bid documents.
- (6) The Bidding exercise and any related process neither creates any commitment by WRPC nor establishes any legal relationship.

Signed:

Management
