

## **Transmission Company of Nigeria**

### **Public Notice**

### **Invitation to Pre – Qualify for Turnkey Transmission Projects**

#### **Background and Objective**

Transmission Company of Nigeria (TCN) is a parastatal company that is the nation-wide licensee, owner and operator of the Nigerian transmission system, which consists of high voltage 330 kV and 132 kV lines, substations and control facilities. Across Nigeria, TCN is divided into eight transmission regions, which report to TCN headquarters in Abuja.

This request for qualifications seeks to identify a shortlist of contractors for contractor-financed turnkey transmission projects. Applicants who prequalify will be eligible to enter into deferred payment asset sale contracts resulting from the bidding for which this prequalification is conducted.

#### **Scope Of Works**

The contract facilities will consist of rehabilitation, repair, replacement and expansion of 330kV & 132kV lines and 330/132kV & 132/33kV substations and transformers. The contract Facilities are located nationwide. The scope of works shall include all engineering, procurement and construction services, including supply and installation of new equipment, adaptation and repair of existing equipment, spares, tools and whatever may be necessary to have complete installations of the contract facilities.

TCN expects to procure rehabilitation contracts for some or all of the following Contract Lots:

| <b>Region</b> | <b>Lines</b> | <b>Substations</b> | <b>Transformers</b> |
|---------------|--------------|--------------------|---------------------|
| Bauchi        | L-BA         | S-BA               | T-BA                |
| Benin         | L-BE         | S-BE               | T-BE                |
| Enugu         | L-EN         | S-EN               | T-EN                |
| Kaduna        | L-KA         | S-KA               | T-KA                |

|               |      |      |      |
|---------------|------|------|------|
| Lagos         | L-LA | S-LA | T-LA |
| Osogbo        | L-OS | S-OS | T-OS |
| Port Harcourt | L-PH | S-PH | T-PH |
| Shiroro       | L-SH | S-SH | T-SH |

TCN expects to procure new construction contracts for some or all of the following Contract Lots:

| <b>Lot</b> | <b>Description</b>       | <b>No. Substations<br/>&amp; Line Projects</b> | <b>No Reactive<br/>Compensation<br/>Projects</b> |
|------------|--------------------------|--|--|
| EXP – 1    | Kainji-Bimin Kebbi-Gusau | 11   | 13   |
| EXP – 2    | Lagos                    | 25   | 21   |
| EXP – 3    | Jos –Gombe -Damaturu     | 4  | 8  |
| EXP – 4    | Awka-Ugwuaji-Jos         | 16   | 13   |
| EXP – 5    | Benin-Katampe            | 5  | 16   |

### **Eligible Contractors**

Applicants must meet all prequalification criteria shown in the RFQ document, and have the means to procure their own financing for the Project. TCN prefers a repayment period extending over a minimum of seven (7) years following the date of commissioning.

### **Request for Qualifications**

TCN now invites eligible contractors to submit their qualifications for the provision of the required services. Applicants must complete the application forms and demonstrate that they meet the prequalification criteria shown in the RFQ document, which can be downloaded from the following website: <http://www.nepapmu.org.ng/>

Requests for additional information and clarification should be sent via email to the following address: [tcnrehabprocurement@mhi.mb.ca](mailto:tcnrehabprocurement@mhi.mb.ca) ,

### **Submission**

Electronic submission of pre-qualification documents should be made to both email address listed below: [tcnrehabprocurement@mhi.mb.ca](mailto:tcnrehabprocurement@mhi.mb.ca) , [jenevive\\_a@yahoo.com](mailto:jenevive_a@yahoo.com)

**Deadline for Applications**

All completed pre-qualification documents should be Submitted electronically, not later than 5pm, Friday 28<sup>th</sup> November, 2014.
