- (6) Evidence of financial capability, Company's financial details and audited accounts over the last three (3) years.
- (7) Organisation structure, available manpower with 5 list of key professional staff with their CV CVs shall be those of key personnel that would work on this project and who are key to the successful execution of the work, detailing educational and experience level and industry certification attained.
- (8) Provide in detail Company's Health, Safety, Environment & Security policy and management systems.
- (9) Evidence of past relevant experience and successful performance in the provision of similar services.
- (10) To be eligible for this tender exercise, interested Companies are required to be registered with NNPC/NPDC for this category of service. Successful pre-qualified suppliers will be invited to submit Technical Bid.
- (11) To be eligible, all tenderers' must comply with the Nigerian Content requirements as contained in item 4 below.

Contract Strategy:

The Strategy is to engage the service of contractors on adhoc basis for NPDC swamp locations and area coverage operations on Call-off basis. Following this advertisement, companies will be evaluated and ranked based on their performance. The contract shall be

awarded to the most competitive lowest bidder. NPDC shall retain the selected invitation to provide the required service during the contract duration.

(4) NIGERIAN CONTENT DEVELOPMENT;

As requested by the Nigerian Oil & Gas Industry Content Development Act 2010, each Contractor will be required to:

(i) Demonstrate that the entity proposed for execution of the service is a Nigerian Registered Company, or Nigerian Registered Company as the contracting entity in genuine alliance or joint venture with foreign company with details on scope and responsibilities of parties for this work. Such companies must show evidence of joint venture binding agreement duly signed by the CEO of both companies including evidence or plans of physical operational presence and set-up in Nigeria.

(2) International or multinational companies working through a Nigerian subsidiary must demonstrate that a minimum of 50% of equipment to be deployed for execution of the work shall be owned by the Nigerian subsidiary by providing a list of equipment for this tender and including those that will be owned by the Nigerian subsidiary.

(3) Furnish details of company ownership and shareholding structure with photocopies of Forms CAC2 and CAC7.

(4) Provide a Nigerian Content Plan with detailed description of the role, work scope, man-hours and responsibilities of all the Nigerian companies and personnel that will be involved in executing the work also provide details of Nigeria Content focal point or manager.

(5) State proposed total scope of work to be conducted by Nigerian personnel (whether contracted directly or under subcontract agreements) with names and addresses including evidences of well- equipped offices and workshop.

(6) Provide detailed plan for staff training and development.

(7) Provide detailed description of the location of in-country offices.

Interested Companies are to note that pursuant to NPDC (NNPC) and Federal Government Policy to provide opportunities for Nigerian contractor and the development of local expertise, all the applicants must comply fully with the NOGICD Act to give preference to Nigerian companies or foreign companies with Nigerian affiliate and local ownership, which demonstrate willingness to execute the project to the satisfaction of the Nigeria Content requirements and guidelines. Each applicant is enjoined to avail themselves of the requirements of the Nigerian Oil and Gas industry Content Development (NOGICD) Act for full compliance.

Nigerian Petroleum Development Company on behalf of the Joint Venture partners is committed to fully comply with the requirements of the NOGICD Act. In maximizing the local content of this project, pre-qualifiers are requested to give full details of their strategy for the local content implementation in order to comply fully with the law.

In compliance with NOGICD Act requirements for Research & Development therefore, the following should be noted:

(1) All Operators or project promoters in the Oil and Gas industry launching service contracts or other applicable projects with completion period of 12 months and above shall provide R&D implementation arrangement with at least one applicable R&D cluster approved by the Board as part of the Operator's Nigerian Content Plan for the project or service. The arrangement shall be in the form of a Memorandum of Agreement (MOA) and indicate how the Operator will deploy the Cluster for any R&D requirements during the contract phase and the first five years of the service life of the field, facility or plant.

(2) All Operators are to include in their ITT documents, a requirement that any service company bidding for such a project shall submit as part of Nigerian Content requirement, a signed MOA between it and one of the R&D Clusters relevant to the project. All service companies are required to sign an MOA with any of the research Clusters. The MOA shall indicate how the service company intends to use the relevant research Clusters during project execution to the satisfaction of the Board. The MOA shall form part of the documents to be reviewed at technical evaluation stage.

(5) CLOSING DATE:

All interested bidders who are registered with NNPC/NPDC as at **15:00 hours on February 25, 2020**, being the advert closing date shall submit their comprehensive prequalification Document titled Provision of Helicopter and Aviation Services on Adhoc Basis For NPDC Swamp Locations and Area coverage, to the address below:
