## **6. Nigerian Content**

Nigerian Content (NC) in the upstream sector of the Nigerian oil and gas industry is defined as:

“the quantum of composite value added to or created in the Nigerian

economy by a systematic development of capacity and capabilities through the deliberate utilization of Nigerian human, material resources and services in the Nigerian oil and gas industry.”

The Federal Government of Nigeria (FGN) in line with its vision for Nigerian Content (NC) development has enacted the Nigerian Oil and Gas Industry Content Development Act 2010 (NOGICD Act).

Mobil Producing Nigeria Unlimited require their Contractors to comply with the Act, and it’s attached Schedule A and any applicable regulation developed by the Nigerian Content Development Monitoring Board.

Bidders shall consider Nigerian content as an important element of their overall project development and management philosophy for project execution (Section 2)

The NOGICD Act requires Bidders to submit an NC Plan to the Board at the technical ITT stage, demonstrating compliance with the NC requirements in the Act (Section 7) and it’s attached schedule A.

Bidders are also expected to provide the following details

1. NC Plan that addresses utilization of Nigerian Labor, Services, Materials and Equipment for this service.
2. Provide a detailed description of your company’s committed infrastructure in Nigeria (offices etc).
3. Provide details of your company’s Ownership Structure. Attach copies of CAC forms (CO2 & Co7).
4. Describe any training program you have in place for your Nigerian personnel including list of relevant training attended by indigenous staff in the least years.
5. Please indicate the percentage of key Management positions (line managers) that are held by Nigerians. Also provide Percentage of total Company workforce and staff (direct and in-direct employees) that are Nigerians

Bidders failure to comply with the NOGICD Act to Nigerian commitment to Nigerian Content development will result in Bidder's disqualification.
