

Star Deep Water Petroleum Limited

A Chevron Company

Operator of the Agbami Unit (OML 127/128)

Tender Opportunity

Provision of Ocean Bottom (OBN) 4D Seismic Data Acquisition (Monitor 2) in Agbami Field

NipeX Tender No: 2200134

Introduction

Star Deep Water Petroleum Limited (Star), a Chevron company and operator of the Agbami field on behalf of the partners (FAMFA Oil, Statoil, Petrobras and NNPC), invites interested Companies with relevant experience to apply for pre-qualification for the provision of ocean bottom (OBN) 4d seismic data acquisition to support Company's Deepwater Oil and Gas Well Drilling and Completion Operations. The contract is proposed to commence in 1st quarter of 2015 for two (2) years plus a possible optional term of one (1) year duration.

Scope of Work/Service Requirements

- Acquire 4C OBN 4D seismic data (Monitor 2) over approximately 229sq. km of node area and 582sq. km of shot carpet area in water depths of about 1170-1830m in 1Q2015 utilizing remotely operating vehicle (ROV) to safely deploy nodes on the seabed and source vessel to shoot.
- Plot shot gathers, perform QC checks (tilt/orientation, vector fidelity, clock correction, positional and noise analysis) and produce QC reports.
- Process and carry out all relevant navigation QC checks onboard the seismic vessels and output in PI/90 format.
- Output navigation merged seismic field tapes in SEG Y format on 3592/disk media.
- Perform short offset high frequency processing onboard the vessel and generate stacks for QC checks.
- Prepare seismic data acquisition report in acceptable standard format.
- Acquire sound velocity and tidal information within the survey area to aid overall data evaluation
- To achieve this, Supplier shall use robust safety and security management systems, SIMOPS plan and in-country and shore side logistics support.

Mandatory Tender Requirements:

- To be eligible for this tender exercise, interested bidders are required to be pre-qualified in the 10.01 (2D/3D/4D Seismic Data Acquisition Services) category A, B, C & D in NipeX Joint Qualification System (NJQS) database. All successfully pre-qualified suppliers in both categories by the bid close date will receive Invitation to Technical Tender (ITT).
- Please note that suppliers including their sub-contractor(s) shall be required to;
- Meet all JQS mandatory requirements to be listed as “PREQUALIFIED” for a category in the JQS database.
- Meet all Nigerian Content requirements stated in this advert in their responses to the Invitation to Technical Tender. Failure to meet the Nigerian Content requirements is a “FATALFLAW”.
- To determine if you are pre-qualified and view the product/service category you are listed for: Open nipexng.com and access NJQS with your log in details, click on continue Joint Qualification Scheme tool, click check my supplier status and then click supplier product group.
- If you are not listed in these product/service categories, and you are registered with DPR to do business in both these categories, please contact NipeX office at 30, Oyinkan Abayomi Drive, Ikoyi Lagos with your DPR certificate as evidence for review and necessary update.
- To initiate and complete the JQS prequalification process, access nipexng.com to download the application form, make necessary payments and contact NipeX office for further action.

Nigerian Content

Star Deep Water Petroleum Limited is committed to the development of the Nigerian Oil and Gas business in observance with the Nigerian Oil and Gas Industry Content Development Act 2010 (NOGICD Act) enacted by the Federal Government of Nigeria in April 2010.

Pursuant to enactment of the NOGICD Act, the minimum Nigerian Content in any project, service or product specification to be executed in the Nigerian Oil and Gas Industry shall be consistent with the level set in the schedule of the Act and any other target as may be directed by the Nigerian Content Development and Monitoring Board (NCDMB).
