

Invitation for Tender

FHI the Science of Improving Lives

FHI Nigeria is a sub-recipient in the execution of Global Fund (GF) projects in Nigeria. The projects are currently undergoing rapid expansion in the area of health systems strengthening (HSS) and other services, particularly in primary health care (PHC) centres. As part of the required infrastructure development to further strengthen service delivery by ensuring proper waste management, FHI Nigeria hereby invites interested vendors to tender for the provision of locally fabricated incinerators, which are to be installed at various PHC centres in various PHC Centres in specific operational areas in Enugu, Bauchi, Kano, Cross River and Benue States.

Type

- Medical waste incinerator mainly for incinerating sharps and other little hazardous waste products in a primary health care centre
- Incinerator that has been locally tested and confirmed environment friendly particularly in developing countries
- To be sourced and constructed locally

Specification

- Two chambers primary and secondary
- Minimum temperature in secondary chamber: 800°C
- Incineration capacity: Up to 12 kg/hr
- Venturi panel design modification
- Flue gas chamber length: 5 metres
- Fuel type: Dry waste/wood with little or no need for kerosene to ignite

Other considerations

- Provision of shelter to house the incinerator
- Provision of waste store to accommodate yet to be incinerated hazardous waste
- Provision of incinerated bottom ash

- Safety box deposit hole
- Fuel store.

Capacity building

- Provision of capacity building training to the users
- Provision of on the job training
- Provision of 6 months' operating inputs

Pre-qualification Criteria

Interested bidders should furnish

1. Company profile, including names and contact details of key personnel
2. Evidence of similar jobs done previously
3. Evidence of statutory registration with the Corporate Affairs Commission
4. Evidence of registration with Federal Ministry of Environment to design and install waste disposal facility (WDF)
5. Evidence of registration with National Environmental Standard, Regulations and Enforcement Agency (NESREA)
6. Evidence of financial capability such as bank guarantee;
7. Three (3) years' tax clearance certificates;
8. Tax Identification Number (TIN);
9. Valid, verifiable business address;
10. Delivery period (days), including the installation of the incinerator per PHC centre

Method of Application

Bids should be sealed and submitted on or before 17th December 2010 by 5.00pm to:
