Project Description:

The proposed Project will involve civil works and Bio-remediation of flood site which includes concrete lining and shoreline protection. It is financed under the Gully Rapid Action and Slope Stabilization (GRASS) sub-component of the NEWMAP. The project is expected to control the menace of flooding that has wreaked havoc to lives and properties in Ikwo Local Government and its environs.

Duration of Display:

Date: 4th October – 1st November, 2016.

Time: 8:00am-4:00pm Daily.

All comments received should be forwarded to the Honourable Minister, Federal Ministry of Environment **on or before 1st November, 2016.**
