

The National Hospital Abuja had earlier advertised for pre-qualification and Tender for 2016 Capital Project (Lot 2: Construction of Access Road, Car Park, Drainages, External Works and Connection to Central Sewage System for Cancer Centre, National Hospital Abuja) in Daily Trust, The Guardian Newspapers of Wednesday, August 10, 2016 and the Federal Tenders Journal of September 18,2016, respectively.

The Tender document was not ready for collection by prospective Contractors as earlier scheduled due to some technical hitches encountered. As the issues are now resolved, notice is hereby given to those who had earlier paid as well as those interested in the project to come forward for payment and collection of the Tender Document.

Note that all previous requirements and instructions still apply.

The new closing date for submission of Tender Document is now 12 noon Friday 18<sup>th</sup> of November, 2016. After which the Tender Documents will be opened immediately.
