

**Federal Ministry of Health**

**The Global Fund**

**To Fight AIDS, Tuberculosis and Malaria**

**Request for Proposal (RFP) for Engagement of Private Sector Players for Warehousing and Distribution of Health Products Belonging to Federal Ministry of Health (HIV, Malaria, TB, and RH Programme)**

The Global Fund and the Nigerian Federal Ministry of Health's Department of Food and Drugs Services have issued a Request for proposal (RFP). The RFP provides the background and outlines the Chain Integration Project (NSCIP), which is part of the National Products Supply Chain Management Programme (NPSCMP) of the FMO.

The Global Fund and the Federal Ministry of Health invites proposals from qualified organizations based on the terms and conditions set forth in this RFP.

**Interested bidders will be expected to submit proposals for**

- Long haul of dry and temperature-sensitive health product from National level central medical stores in Lagos and Abuja to the zonal hubs at Calabar and Sokoto.
- The warehousing of dry and temperature-sensitive health products at the Sokoto and Calabar zonal warehouses
- And the distribution of these health products from the Zonal warehouses in Sokoto and Calabar zonal warehouses to 7,439 health facilities in 11 states (Sokoto, Katsina, Kano, Jigawa, Zamfara and Kebbi, Abia, Akwa Ibom, Bayelsa, Cross River and Rivers).

To download the electronic copy of the request for proposal or obtain detail information on this request, follow link on the Global Fund website stated below:
