

Invitation for Expressions of Interest for the

Supply of Medicines, Medical and Laboratory Equipment, Medical and Laboratory Consumables and Reagents

The Department for International Development (DFID) have requested Crown Agents Nigeria Ltd (CANL) to carry out the procurement process to provide the Partnership for Enhancing Health Systems II Programme (PATHS 2) with the supply of medicines, medical and laboratory equipment, medical and laboratory consumables and reagents. (This will be undertaken using a restricted procurement process which initially requires potential bidders to submit a pre-qualification questionnaire. Successful candidates will then be eligible for inclusion in a tender to establish framework agreements to supply products for health projects funded by DFID, or their Managing Agents, in their programme countries throughout the world).

In order to ensure efficiency of supply to PATHS 2, Crown Agents Nigeria Ltd is looking to establish Framework Agreements for the duration of 4 years with a further annual review where applicable.

Interested candidates should apply to CANL, for a pre-qualification questionnaire.

Following successful evaluation of the pre-qualification questionnaire, tender documents will be made available to the shortlisted companies at the nominal cost of GBP 50.00 only.

Completed pre-qualification questionnaires must be delivered to the address below by 2,00pm 24th January 2011. Two copies should be submitted in a sealed envelope and marked "CA/DFID Health FA 2011-Lots 1-13" (applicable).
