### THE SHELL PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED

### OPERATOR OF THE NNPC/SPDC/TEPNG/AGIP JOINT VENTURE

TENDER OPPORTUNITY: DESIGN AND INSTALLATION OF ANTI TAMPER DEVICES ON CRITICAL MANIFOLD VALVES THE SHELL PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED

#### **REFERENCE TENDER NO. NG01023577**

## (1.0) INTRODUCTION

The Shell Petroleum Development Company of Nigeria Limited (SPDC), Operator of NNPC/Shell/Total/Agip Joint Venture hereby invites reputable and competent Nigerian Companies and alliances with the requisite expertise, experience, skilled manpower and technology to apply to be considered for inclusion as qualified vendors in the bidders list for subject tender. The contract that will result from this tender will be for the Design and Installation of Anti Tamper Devices on Critical Manifold Valves.

Bidders will be expected to demonstrate their capability and capacity to accept and deal with the financial and technical complexities associated with a contract of this magnitude and this evidence will be required in the next stage of this Tender.

SPDC hereby invites submission from reputable and competent Nigerian registered companies having requisite proven experience in Design and Installation of Anti Tamper Devices on Critical Manifold Valves and all other works within the scope of Works.

Please visit the Nigerian Petroleum Exchange Portal <a href="www.nipex.com.ng">www.nipex.com.ng</a> for further details.

### (2.0) SCOPE OF WORK

The WORK to be covered under this CONTRACT generally consists of all works incidental and necessary to the successful completion of Design and installation of Anti Tamper Devices on Critical Manifold Valves.

Design – detailed design of the anti-tamper device for each type and size of valves. Manufacture – the designed component shall be manufactured using high quality tamper-resistant alloys. The manufactured components shall be factory tested to an acceptable standard independently verified by a reputable organization.

Installation: The anti-tamper devices shall be delivered and installed on the pre-identified locations.

## (3.0) MANDATORY REQUIREMENTS
