**OPERATOR OF THE NNPC/SPDC/TEPNG/AGIP JOINT VENTURE**

**TENDER OPPORTUNITY PROVISION OF OFFSHORE WASTE MANAGEMENT SERVICES (WASTE HANDLING ON JACK UP RIGS) THE SHELL PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED**

**TENDER NO. NG01023184 NIPEX**

**TENDER NUMBER: SPDC.00000241**

### **(1.0) INTRODUCTION AND PROJECT OUTLINE**

The Shell Petroleum Development Company of Nigeria Limited (SPDC), Operator of NNPC/SHELL/Elf/AGIP Joint Venture is seeking qualified vendors having requisite experience in the Provision of offshore waste management services (waste handling on jack up rigs).

### **(2.0) SCOPE OF WORK**

The general work scope is for the Provision of offshore waste management services (waste handling on jack up rigs) and associated equipment, personnel and materials, under a performance-based contract with a pricing structure in cost per volume (\$/Ton or bbl) of waste handled.

As part of this, the contractor is expected to provide the following services as the minimum service requirement/scope of work;

- (1) Collection, drying, containment, storage, handling, weighing of Pseudo Oil Base Mud (POBM) cuttings and oily waste fluids/sludge in Shallow offshore rigs, including transfer from rig to marine support vessels.
- (2) Collection, containment, storage, handling, and disposal of oil-contaminated surface hole (Water Base Mud- WBM) drilled cuttings, all excess mud, excess brine, spent chemicals, deck run-off and other waste fluids generated from Well operations.
- (3) Provision of all equipment, personnel and materials required to execute the POBM cuttings drying, and transfer of cuttings and fluids from rig to marine support vessels.

(4) Recovery of oil from dried and processed cuttings/ sludge that is not cracked and can be reused for the formulation of drilling mud/fluids.

(5) Disposal of top hole cuttings and spent water based mud at location specified by SPDC and approved by DPR.

(6) CONTRACTOR to give a technical description of how it intends to carry out the works relative to the oil based mud section and top hole cuttings transfer from rig to support vessel.

(7) All services must be rendered with strict accordance to regulatory standards set by DPR

### **(3.0) MANDATORY REQUIREMENTS**

(1) To be eligible for this tender exercise, interested contractors are required to be pre-qualified in Waste Management Services – 3.15.07 category in NipeX Joint Qualification System (NJQS) database. All successfully pre-qualified suppliers in this category will receive Invitation to Tender (ITT) for both Technical and Commercial Bids.

(2) To determine if you are pre-qualified and view the product/service category you are listed for: Open [www.nipex-ng.com](http://www.nipex-ng.com) and access NJQS with your log in details. Click on Products/Services Status tab to view your status and product codes.

(3) If you are not listed in a product/service category you are registered with DPR to do business, contact NipeX office at 30, Oyinkan Abayomi Street, Ikoyi Lagos with your DPR certificate as evidence for verification and necessary update.

(4) To initiate the JQS pre-qualification process, access [www.nipex-ng.com](http://www.nipex-ng.com) , click on services tab followed by NJQS registration

(5) To be eligible, all tenders must comply with the Nigerian Content requirements in the NipeX system.

### **(4.0) NIGERIAN CONTENT REQUIREMENTS**

Vendors are to demonstrate strict compliance with the provisions of Nigerian Oil & Gas Industry Content Development Act and also provide the following requirements:

(1) Tenderer shall be an indigenous service company having a minimum of 51% Nigerian equity shareholding.

(2) Tenderer shall provide evidence of CAC registration forms CO2 & CO7 and provide details of your corporate ownership structure in percentages showing the percentage of Nigerian shareholders including registration on the NCDMB NOGIC JQS.

(3) Tenderer's plan describing how it shall execute all associated engineering and design in Nigeria. Tenderer to state Name and location of proposed engineering offices in Nigeria to execute the Nigerian scope of work.

(4) Tenderer's to state location and address of proposed Project Management and Procurement Centre in Nigeria. Tender's plan to domicile a minimum of 80% man-hours of the Project Management man-hours in Nigeria, detailing scope of activities to be performed in Nigeria/man-hours, scope of support to be provided from tenderers global teams/man-hours any infrastructure to be established, the staffing and resourcing plan.

(5) Tenderer should describe how it intends to execute all (100%) of the fabrication, assembly and testing Work in-country.

(6) Tenderer shall describe in its plan for the procurement of following project materials, equipment packages and consumables for the associated works. The Plan should include details of how Tenderer will utilize the services of Nigerian companies for this Work. Procurement of the following materials from Nigerian vendors and manufacturers is mandatory:

(a) Anti-corrosion coating materials

(b) Sacrificial anodes

(c) Valves

(d) Steel Ropes

(e) Pipe Fitting

(f) Flanges

(g) Cast Iron Products

(h) Gaskets

(i) Welding Electrodes

(j) Consumable Gas

(k) Insulation

(7) Tenderer shall describe his plans for the provision of various logistics and third-party services to support fabrication / construction activities in Nigeria, through Nigerian based companies. Tenderer's plan shall describe Name and Address of Nigerian based entity or Subcontractor (s) Scope of services to be provided. The plan shall describe the following activities:

- Custom clearance and land logistics support
- Heavy lift services
- Loadout and sea fastening
- Marine transportation within Nigerian inland water ways
- In-country support and coordination of marine transportation to installation site.
- QA/QC inspection services
- NDTs and certification of welding procedures and welders
- Laboratory mechanical tests.
- Plan to perform marine craft transportation of project items from Nigerian port to port or port/quayside.

(8) Tenderer is required to develop a programme for training and development of Nigerians in identified technical disciplines specific to this Work, in particular, project management, detailed engineering, fabrication, construction, offshore installation and pre-commissioning, commissioning and start-up. Tenderer shall describe any specific training programme in place to transfer technology and skills to staff and indigenous sub-contractors over the next five years. Tenderer shall describe how it shall achieve a minimum of 15% total project man-hours or 40,000 man-hrs (whichever is greater) for NC Human Capital Development in various technical and commercial disciplines involved in the work, spanning across all phases of the project from engineering to commissioning and start-up. The Plan shall identify and describe the training programmes relevant to the scope of work to be executed, the proposed location of the training, the number of trainees, duration of the programme and total man-hours.

(9) Tenderer to provide evidence of a valid category A & B Nigerian Content Equipment Certificate (NCEC) issued by the Nigerian Content Development & Monitoring Board in respect of any components, spares, equipment, systems and packages to be used on the project.

## **(5.0) CLOSING DATE**

Only tenderers who are pre-qualified in NJQS Product/Category Waste Management Services – 3.15.07 as at **16<sup>th</sup> March, 2018** being the advert close date shall be invited to submit Technical and Commercial Bids.

## **(6.0) ADDITIONAL INFORMATION**

- All costs incurred in preparing and processing NJQS prequalification shall be to the contractor's accounts.
- The contract shall be awarded to two (2) successful contractors on call-off basis and contract value to be awarded to each in inverse proportion of the bids.
- This advertisement shall neither be construed as any form of commitment on the part of SPDC to award any contract to any company and or associated companies, sub-contractors or agents, nor shall it entitle prequalified companies to make any claims whatsoever, and/or seek any indemnity from SPDC and or any of its partners by virtue of such companies having been prequalified in NJQS.
- SPDC will communicate only with authorized officers of the pre-qualifying companies and NOT through individuals or Agents.
