### **(4) NIGERIAN CONTENT**

Company is committed to the development of the Nigerian Oil and Gas business in compliance with the Nigerian Oil and Gas industry Content Development Act 2010 (NOGICD Act) enacted by the Federal Government of Nigeria in April, 2010.

As from the commencement of this Act, the minimum Nigerian Content in any project, service or product specification to be executed in the Nigerian Oil and Gas Industry shall

be consistent with the level set in the Schedule to the Act and any other targets as may be directed by the Nigerian Content Development and Monitoring Board (NCDMB).

MPN requires their Contractors to comply with the Act, its attached Schedule and applicable regulation developed by the NCDMB.

Nigerian Content (NC) in the Nigerian oil and gas industry is defined as:

“The quantum of composite value added to or created in the Nigerian economy by a systematic development of capacity and capabilities through the deliberate utilization of Nigerian human, material resources and services in the Nigerian oil and gas industry”

“Nigerian Company” is a company formed and registered in Nigeria in accordance with the provisions of Companies and Allied Matters Act with not less than 51% equity shares by Nigerians.

Bidders shall consider Nigerian content as an important element of their overall project development and management philosophy for project execution.

- Tender is open to ONLY Nigerian Indigenous service companies pre-qualified under NIPEX NJQS vendor code 3.05.02 (Electrical/Instrument Services) Service Group in category who meet the provisions for Nigerian registered entities with equity shareholding of minimum 51% Nigerian shares, consistent with the definition of Nigerian company in the NOGICD Act, 2010.

In the course of tendering and as part of their submissions, tenders shall be requested to:

(1) Demonstrate that the entity is a Nigerian indigenous company having greater than or equal to 51% Nigerian shareholding in the registered company, by providing details of company ownership and shareholding structure (form CO2 and CO7). Also provide evidence of registration on NOGICD JQS.

(2) Tender shall provide detailed description of the location of in-country committed facilities & infrastructure (assets, equipment, technical office, and administrative space storage, workshop, assembly area) in Nigeria to support this contract.

(3) Submit Tender’s corporate organizational and project/contract specific organogram should be submitted. For any position to be occupied by expatriate tenderer shall provide evidence to obtain expatriate quota approval granted by NCDMB before any expatriate is deployed to execute this work scope.

(4) Tenderer shall provide evidence (Purchase receipt, Bill of Landing etc.) of at least 50% Nigerian ownership of equipment to execute this work scope.

(5) In line with the NCD Human Capacity Development Initiative, Bidder shall commit to providing Project-Specific training, man-hour, budget, skill development and understudy plan for Nigerian personnel utilizing OGTAN registered trainer(s) or other approved NCDMB training institution(s).

(6) Tenderer shall provide Binding MOA with an in-country functional manufacturing and assembly facilities having valid Category A NCEC for the procurement of but not limited to the following items: LV and HV cables, paints, cement, reinforcement bars, structural steel, bolts and nuts for execution of the work scope

(7) All Engineering activities shall be executed in a COREN registered company having valid practicing license.

Tenderer's failure to comply with the NOGICD Act or demonstrate commitment to Nigerian Content development will result in Tenderer's disqualification.
