

Star Deep Water Petroleum Limited

A Chevron Company

Operator of the Agbami Unit (OML 127/128)

Tender Opportunity: Provision of Machine Shop Services

INTRODUCTION

Star Deep Water Petroleum Limited invites interested and prequalified companies to this tender opportunity for the Provision of Machine Shop Services to Support Company's deep water drilling and completion operations. The proposed contract term is 2 (two) years with an option of 1(one) year extension

Scope of Work

The scope of work for the services include but not limited to the following

1. Cut/re-cut or repair thread sizes for all Oil Country Tubular Goods (OCTG), pre-drilling and slotting casings, liners and tubing or proprietary threads as may be requested by company.
2. Maintain established base/shop/facility in Warri, Onne or Port Harcourt, complete with lathes drills and other machine shop equipment required to cut OCTG easing, tubing, drill pipe and rotary shouldered connections. Machine Shop is required to be ISO-9000, ISO-9001 and/or ISO 9002 equivalent or better.
3. Provide experienced 'factory-certified' technicians trained to operate lathes, drills, and other equipment.
4. Provide and maintain adequate and up-to-date certifications and thread gauges required for the cutting and or re-cutting of all Company proposed proprietary Threads. Company shall, at their sole discretion, determine whether certifications provided are acceptable.
5. Contractor shall maintain proprietary connections licenses and fully equipped machine shop to cut or re-cut proprietary threads as required by Company.
6. Perform full thread gauge and inspection after cutting/re-cutting of any of above threads or any worked upon for Company.
7. Fabrication of crossover and subs for the connections and sizes of OCTG. Welding of large OD pipe connectors. Only companies with high quality control standards and approved license from the thread manufacturers will be considered. Contractor shall have in place detailed QA / QC program, equipment and training.
