STANDARD REQUEST FOR PROPOSALS

FOR THE

SELECTION OF
CONSULTING FIRMS

(COMPLEX LUMP-SUM)

JANUARY 2008
STANDARD REQUEST FOR PROPOSALS

for the

Selection of Consulting Firms
(Complex Lump-Sum)

January 2008
**Notice to Users**

1. This Standard Document for the Request of Proposals (RfP) has been prepared by the Bureau of Public Procurement for the Procurement of Consulting Services using short lists of national consultants when financed by the National Budget and to enable a Procuring Entity to select the lowest evaluated proposal. It can also be used for the selection of consultants with short lists of international consultants.

2. This RfP is in accordance with the Procurement Act, dated 19th June, 2007 and the policies and procedures of the Regulations for the Selection of Consulting Services, among others paragraphs 10-13 regarding the eligibility of consulting firms, and has been adapted to the needs of Nigeria from internationally acceptable model formats. *The RfP when properly completed will provide all the information that a Consulting Firm needs in order to prepare and submit a Proposal.* This should provide a sound basis on which the Procuring Entity can fairly, transparently and accurately carry out a Proposal evaluation process of the Proposals submitted by the Consulting Firms.

3. The RfP is issued after a pre-selection process has taken place through advertising in the media (Request for Expressions of Interest – EoI). The EoI process is used to prepare a short list upon careful analysis of the EoI submissions and approval of the short list in accordance with the approval procedures described in the Regulations for the Use of Consultant Services. The short-listed Consultants are then invited to submit a proposal.

4. This document shall be used when a Procuring Entity (the Client) wishes to select a Consulting Firm (the Consultant) for complex assignments for which remuneration is being determined on the basis of a lump-sum to be paid to the Consultant for carrying out the services.

5. Complex assignments require a response of the Consultants to the Terms of Reference, and detailed proposals regarding the methodology and the work plan for the assignment. They normally concern assignments costing [13 million Naira] or more, and their contracts are more comprehensive than for smaller consulting assignments.

6. Lump sum based contracts are used when (i) the Scope of the Services is clear and unambiguous, can be established with sufficient precision, (ii) when the commercial risk taken by the Consultants is minimal, and (iii) where Consultants are prepared to perform the assignment for an agreed predetermined lump-sum price according to a schedule of payments linked to the delivery of certain outputs, usually reports. A major advantage of the lump-sum contract is the simplicity of its administration, the Client needs only to be satisfied with the output without monitoring the staff inputs as is the case in Time-based Contracts. The type of consultancies under lump-sum contracts usually concern assignments such as master plans, economic, sector, feasibility, engineering studies, statistical surveys.

7. The following guidelines apply for the Procuring Entity when using this RfP:

   (a) address the Procuring Entity’s specific needs for the consulting assignment through the information provided in the *Special Instructions to Consultants (SIC)* and the *Special Conditions of Contract (SCC)* and in the *Terms of Reference (TOR)*, which describe the requirements of the assignment;
tailor the document to the circumstances of the particular assignment. The Procuring Entity should only introduce such adjustments in the Sections of the RfP which are specifically designed for this purpose: Section 2: the Special Instructions to Consultants (SIC) to Consultants; Section 4: the Special Conditions of Contract (SCC); Those details not filled by the Procuring Entity are the responsibility of the Consultants;

but never change the Instructions to Consultants and the General Conditions of Contract;

provide the specific information needed in the italicized notes inside brackets. These notes should also specify where the Consultants should provide information. Most footnotes and italicized notes are solely prepared for the use of the Procuring Entity and are not part of the final RfP to be issued. In other words, they should be removed from the final version;

retain the other notes which specify that they are guidance to the Consultants.

indicate the name of the project, the contract number, the name of the Procuring Entity and the date of issue on the cover of the document;

The Standard Proposal Document for the Procurement of Consulting Services has the following contents:

Letter of Invitation for Proposal (LoI): This letter announces the Proposal, indicates the names of the short-listed Consultants, the method to be followed for selection of the Consultant, the documents included in the RFP, a short description of the Objectives and Scope of the assignment, and invites the short-listed Consultants to submit a proposal.

1.3 The successful Consultant will be expected to complete the delivery of the Services in accordance with the phasing indicated in the SIC. When the assignment includes several phases, the performance of the Consultant under each phase must be to the Client’s satisfaction before work begins on the next phase.

1.4 Throughout this RFP:

(a) the term “in writing” means communicated in written form with proof of receipt;

(b) if the context so requires, singular means plural and vice versa; and

(c) “day” means calendar day.

Source of Funds.

2.1 The Client has been allocated public funds as indicated in the SIC and intends to apply a portion of the funds to eligible payments under the contract for which this RFP is issued.
2.2 For the purpose of this provision, “public funds” means any monetary resources appropriated to procuring entities under Government budget, or revenues generated by statutory bodies and corporations or aid grants and credits put at the disposal of procuring entities by the development partners through the Government.

Corrupt, Fraudulent, Collusive or Coercive Practices.

3.1 The Government requires that Clients, as well as Applicants Consultants, shall observe the highest standard of ethics during the implementation of the procurement proceedings and the execution of contracts under public funds.

3.2 In pursuance of this requirement, the Client shall

(a) exclude the Consultant from participation in the procurement proceedings concerned or reject a proposal for award; and

(b) declare the Consultant ineligible, either indefinitely or for a stated period of time, from participation in procurement proceedings under public fund; if it, at any time, determines that the Consultant has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a contract under public fund.

3.3 Should any corrupt or fraudulent practice of any kind referred to in ITC Sub-Clause 3.4 come to the knowledge of the Client, it shall, in the first place, allow the Consultant to provide an explanation and shall take actions as stated in ITC Sub-Clause 3.2 only when a satisfactory explanation is not received. Such exclusion and the reasons for it, shall be recorded in the record of the procurement proceedings and promptly communicated to the Consultant concerned. Any communications between the Consultant and the Client related to matters of alleged fraud or corruption shall be in writing.

3.4 The Government defines, for the purposes of this provision, the terms set forth below as follows:

(a) “corrupt practice” means offering, giving, or promising to give, directly or indirectly, to any officer or employee of a Procuring Entity or other governmental/private authority or individual a gratuity in any form, an employment or any other thing or service of value, as an inducement with respect to an act or decision of, or method followed by, a Procuring Entity in connection with the procurement proceeding;

(b) “fraudulent practice” means a misrepresentation or omission of facts in order to influence a procurement proceeding or the execution of a contract to the detriment of the Client;

reasonably be perceived as having this effect. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract.

**Conflict of Interest.**

### 5.1 General

(a) The Consultant (including any of his affiliates/associates), in deference to the requirements that the Consultant provides professional and objective advice and at all times hold the Client’s interests paramount, strictly avoids conflicts with other assignments or their own corporate interests, acts without any consideration for future work and must not have a conflict of interest (COI), shall not be recruited under any of the circumstances specified in ITC SubClauses 5.2 to 5.4. “COI” shall mean a situation in which a Consultant provides biased professional advice to a client in order to obtain from that client an undue benefit for himself or affiliate(s)/associate(s).

### 5.2 Conflicting Activities

Similarly, a Consultant hired to prepare Terms of Reference for an assignment shall not be hired for the assignment in question.

### 5.4 Conflicting Relationships

Site Visit.

7.1 The Consultant, at the Consultant’s own responsibility and risk, is encouraged to visit and examine the Site and obtain all information that may be necessary for preparing the Proposal and entering into a contract for supply of Services.

7.2 The Consultant should ensure that the Client is advised of the visit in adequate time to allow it to make appropriate arrangements.

11.3 To give a prospective Consultant reasonable time in which to take any amendment into account in preparing its Proposal, the Client may, at its discretion, extend the deadline for the submission of Proposals, pursuant to ITC Sub-Clause 28.3.

C. Proposal Preparation

Proposal: Only one.

12.1 A short listed Consultant, including its affiliate(s), may submit only one (1) Proposal. Proposal: Documents.

16.3 The Consultant shall submit the Financial Proposal in accordance with ITC Clause 19 and using the forms furnished in Section 5B: Financial Proposal; Standard Forms.

Association of other Consultants (not short listed) in a joint venture at the time of submission of a proposal is only permitted with the prior permission of the Client, which must be
obtained prior to the submission of a proposal. A short listed Consultant associating another firm as sub consultant at the time of submission of proposal will not require prior permission of the Client. For such sub-consultancy (etc), the Proposal should include a covering letter signed by an authorized representative of the Consultant with full authority to make legally binding contractual (and financial) commitments on behalf of the Consultant, plus a copy of the agreement(s) with the sub-Consultant(s). 21
27.2 The Consultant shall enclose the original of the Financial Proposal in one single separate sealed envelope, duly marking the envelope as “FINANCIAL PROPOSAL” and with a warning “DO NOT OPEN WITH THE TECHNICAL PROPOSAL.”

27.4 If all envelopes are not sealed and marked as required, the Client will assume no responsibility for the misplacement, or premature opening of the Proposal.

28.1 Proposals must be received by the Client at the address specified under ITC Sub-Clause 27.3 no later than the date indicated in the SIC.

28.2 The Proposal may be hand delivered or posted by registered mail or sent by courier. The Client shall, on request, provide the Consultant with a receipt showing the date and time when its Proposal was received.

If the Client identifies a COI at this stage, it shall determine whether the specific conflict is substantive and take action by reducing the scope of work of the assignment or rejecting the Technical Proposal.

35.2 If a Consultant or its affiliate is found to be in a COI situation during the technical evaluation, the Client shall review the case and either disqualify the Consultant or ask the Consultant to remove the conflict and its causes while maintaining the transparency of the selection process, failing which the Technical Proposal of the Consultant shall be rejected.

36.3 Innovativeness will be appreciated, including workable suggestions that could improve the quality/effectiveness of the assignment. In this regard, unless the Consultant clearly states otherwise, it will be assumed by the Client that work associated with implementation of any such improvements are included in the inputs shown on the Consultant’s staffing schedule.

36.4 Higher ratings will be given to experts from the short-listed Consultants and their associates, if any, who are full-time employees. 38.2 Financial Proposals will be reviewed to ensure these are complete (i.e. whether Consultants have cost all items of the corresponding Technical Proposal; if not, the Client will cost them and add their cost to the offered price) and correct any computational errors. The evaluation shall exclude all local taxes, duties and other charges imposed under the Applicable Law.

38.3 In case of QCBS, the lowest evaluated Financial Proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the SIC.

Correction of Arithmetical Errors.

39.1 Arithmetical errors in the Financial Proposal shall be corrected on the following basis:

(a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Client there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;

(b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

(c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

39.2 If the Consultant does not accept the correction of arithmetic errors, its Proposal shall be disqualified.

Proposal : Combined Evaluation.

40.1 In QCBS the Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight
given to the Financial Proposal; $T + P = 1$) indicated in the SIC: $S = St \times T\% + Sf \times P\%$. The firm achieving the highest combined technical and financial score will be invited for negotiation under ITC Clauses 41 to 45.

40.2 In the case of Fixed-Budget Selection, the Client will select the firm that submitted the highest ranked Technical Proposal with an evaluated price that is within the budget. The Client and the Consultant will finalise the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations that will be signed by the Client and the Consultant.

43.1 The financial negotiations will reflect the agreed technical modifications in the cost of the services. Unless there are exceptional reasons, the financial negotiations will involve neither the remuneration rates for staff nor other proposed unit rates. The financial negotiations will generally fine-tune the duration of experts’ inputs and quantities of reimbursable expenditure items may be increased or decreased from the relevant amounts shown or agreed otherwise in the Financial Proposal.

Availability of Professional staff/experts.
44.1 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff/experts; the Client expects to negotiate a Contract on the basis of the Professional staff/experts named in the Proposal. Before contract negotiations, the Client will require assurances that the Professional staff/experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff/experts were offered in the proposal without confirming their availability, the firm may be disqualified. Any proposed substitute shall have equivalent or better qualifications and experience than the original candidate.

Proposal Negotiations : Conclusion.

45.1 Negotiations will conclude with a review of the draft Contract. To complete negotiations, the Client and the Consultant will initial the agreed Contract Agreement. If negotiations fail, the Client will invite the Consultant whose Proposal received the second highest score to negotiate a Contract, if this fails the Client shall negotiate with the remaining responsive Consultants in the order of their relative ranking, till a satisfactory contract agreement is reached, subject to the right of the Client to reject all proposals.

[Technical approach, methodology and work plan are key components of the technical proposal. It is suggested that you present your technical proposal divided into the following three chapters:

- Technical Approach and Methodology,
- Work Plan, and]
- **Organization and Staffing.**

(a) **Technical Approach and Methodology —**
Here you should explain your understanding of the objectives of the assignment, approach to the services, methodology for carrying out the activities and obtaining the expected output, and the degree of detail of such output. You should highlight the problems being addressed and their importance, and explain the technical approach you would adopt to address them. You should also explain the methodologies you propose to adopt and highlight the compatibility of those methodologies with the proposed approach, (e.g., the methods of interpreting the available data; carrying out investigations, analyses, and studies; comparing alternative solutions). This chapter should incorporate any modifications to the TOR proposed by you. In case the TOR requires the Consultant to provide a quality plan and carry out the assignment according to its provisions, an outline of the quality plan (e.g., its list of contents) should be included in this chapter of the technical proposal.

(b) **Work Plan —**
Here you should propose the main activities of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Client), and delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents, including reports, drawings, and tables to be delivered as final output, should be included here. The work plan should be consistent with the Work schedule of Form 5A5.

(c) **Organization and Staffing —**
In this chapter you should propose the structure and composition of your team. You should list the main disciplines of the assignment, the key expert responsible, and proposed technical and support staff. The organization and staffing will be reflected in the Team Composition and Task Assignments of Form 5A6, and the Staffing schedule of Form 5A7. An organization chart illustrating the structure of the team and its interfaces with the Client and other institutions involved in the project also should be provided.

Section 6. Terms of Reference

Note: See ITC Clause 21.1(a) : Inputs from the Client

The Terms of Reference (TOR) is the key document in the RFP. It explains the objectives, scope of work, activities, tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables. Adequate and clear TOR is essential for the understanding of the assignment and its correct execution by the Consultant. It also helps reducing the risk of ambiguities during the preparation of proposals by the Consultant, contract negotiation, and execution of the services.

Terms of Reference normally contain the following sections:

- Background of the project;
• Objectives of the assignment;
• Scope of Services;
• Transfer of Knowledge (training) (when applicable);
• List of reports, Schedule of deliveries, period of performance;
• Data, personnel, facilities and local services to be provided by the Client, and
• Institutional arrangements
