

Review and Development of state Human Resources for Health (HRH) Strategic and Implementation Plans for six (6) states

Request for Expression of Interest

CapacityPlus is a USAID-supported global health workforce project led by IntraHealth International. The overall goal of this project is to increase the availability of health workers to meet the HIV/AIDS, Maternal and Child Health (MCH), reproductive health (RH) and other priority health needs of underserved populations through sustainable and scalable HRH interventions. Implementation of country-specific activities for Nigeria are targeted at both Federal and State levels through active engagement with a range of agencies, including Federal and State ministries of health, the National Primary Health Care Development Agency (NPHCDA), training institutions, and regulatory councils. As part of her mandate, CapacityPlus supports the strengthening of sustainable, effective and efficient HRH policy, planning management and development at the state level.

Towards this end, expression of interest (EOI) is hereby requested for the review and development of state HRH Strategic and Implementation plans for the following six (6) states – Cross River, Benue, Nasarawa, Ogun, Imo and Oyo.

Offerers should express their interest in supporting the above mentioned States to develop detailed HRH situational analysis and state specific HRH Strategic and Implementation Plans that are aligned with the National HRH policy and the HRH Priority Area within each State Strategic Health Development Plan (SSHDP).

Through USAID /PEPFAR support, CapacityPlus is implementing these activities as part of larger efforts to ensure service availability and access to a well skilled health workforce in areas where they are in most need.

The offerers should have:

- a) Legal status approved by the government of Nigeria enabling it to carry out the tasks mentioned above;
- b) A proven expertise and past performance with professional records in the area of working with stakeholders in conducting situational analysis, policy analysis and strategy development especially in the area of HRH.
- c) A proven professional record in the area of human resources and strategic planning in the public sector, and health systems strengthening, preferably in developing countries;

Interested and qualified companies/firms should send an expression of interest by e-mail to: intrahealthcapacityplus@gmail.com with “State HRH strategic plan” on the subject line on or before 5.00PM on Monday, 1st July, 2013. The full request for proposal (RFP) will be sent by e-mail to all interested firms/companies by Wednesday, 3rd July, 2013.

Sourcing, Procurement and Delivery of Text Books,

Demonstration Materials and Teaching Aids to selected

Midwifery and Community Health Schools in Nigeria

Request for Expression of Interest

(Re-advertised EOI)

CapacityPlus is cancelling the Expression of Interest and RFP as posted on May 14, 2013 due to insufficient proposal details. CapacityPlus is reissuing a revised EOI with new information.

CapacityPlus is a USAID-supported global health workforce project led by IntraHealth International Initiative. The overall goal of this program is to increase the availability of health workers to meet the HIV/AIDS, Maternal and Child Health (MCH), reproductive health (RH) and other priority health needs of underserved populations through sustainable and scalable HRH interventions. Implementation is targeted at both Federal and State levels through active engagement with a range of agencies, including Federal and State ministries of health, the National Primary Health Care Development Agency (NPHCDA), training institutions, and regulatory councils. As part of her mandate, CapacityPlus wishes to provide institutional support to health training institutions across the country. Towards this end, expression of interest (EOI) is hereby requested for the sourcing, procurement and delivery of three separate lots of medical education materials to these institutions.

Lot 1: Medical education training manikins/anatomic models.

Lot 2: Medical books

Lot 3: Library shelves and storage cabinets.

Offerers can express their interest in one, two or all three lots. The materials and equipment listed in both lots will be delivered to 11 schools of Midwifery and Health technology in the Nigerian states of Bauchi, Nassarawa, Sokoto, Lagos and Benue. With the support of PEPFAR through USAID, CapacityPlus is providing educational materials as part of a larger effort to support the learning environment of these schools, enabling them to produce a higher number of qualified midwives and community health workers.

The offerers, should have:

- a) Legal status approved by the government of Nigeria enabling it to carry out the tasks mentioned above;
- b) A proven professional record in the area of sourcing, purchasing, storage and delivery of educational equipment, books and materials;
- c) Proven expertise and past performance in inventory management; and delivery at materials across Nigeria,

Interested and qualified companies/firms should send an expression of interest by e-mail to intrahealthcapacityplus@gmail.com with “Essential Medical Training Equipment” on the subject line on or before 5.00PM on Saturday June 29th 2013. The full request for proposal (RFP) will be sent by e-mail to all interested firms/companies by Monday July 1st, 2013.
