

Request for Proposal

Tuberculosis Research in Nigeria

RFP: Knowledge, Attitude and practice of people towards Tuberculosis in Nigeria

Issue date: 24th August, 2012

Closing date: 4th September, 2012

Association for Reproductive and Family Health (ARFH), a principal recipient to the Global Fund round 9 Tuberculosis grant in collaboration with National TB and Leprosy Control Programme (NTBLCP) is hereby seeking for qualified research consultants or organizations to conduct both quantitative and qualitative research to determine the level of knowledge, attitude and practices (KAP) of people towards Tuberculosis in Nigeria.

Interested candidate who wishes to respond to this solicitation should please visit: www.arfh-ng.org//TBKAP_survey2012 to download the RFP. Further clarifications and questions should be directed to Abiodun Hassan at evaluations@arfh-ng.org. Please include subject line in your e-mail as “Tuberculosis Research in Nigeria”.
